New College Lanarkshire - Cumbernauld, North Lanarkshire

NC: Music: Rock & Pop, 08/2016 – 06/2017

New College Lanarkshire - Motherwell

HOBBIES AND INTEREST

I'm passionate about music production, creating original tracks across various genres using DAWs like Ableton, either for myself or with my Band. I also like performing live with my band at local gigs and events. I enjoy experimenting with sound design and mixing, while also drawing inspiration from video games, particularly narrative-driven and indie titles, which influence my creative projects and approach to music.
